TRAVEL AND EXCHANGE PROGRAMS

DRAFT January 2022 - First Reading BOE 2/8/2022

The Colchester Board of Education will accept one year of study in another country as credit toward a Bacon Academy Diploma. **Any Colchester Public School student planning on going to a foreign country as an exchange student shall, prior to leaving, request permission from the school principal to have course work completed in the foreign country applied to his/her Colchester Public Schools education record. The principal shall notify the Superintendent and the Board of Education of his/her decision.** If permission is granted, ~~if~~ the following conditions are **to be** adhered to:

1. Successful completion of all subjects at their respective grade level; i.e., Freshman, Sophomore, Junior or Senior.

2. Twenty-one (21) credits must be completed (including those taken in the other country), and the math competency exam passed at 80%.

3. Reports of work must be sent to the Principal or Guidance Director by the school official where the student is studying.

4. Subjects studied during the exchange program must be passed to receive Bacon Academy credit. **The student must present a transcript from the school upon his/her return. The transcript will be evaluated in terms of credit to be granted by the Bacon Academy High School principal. The decision of the high school principal in such cases shall be final.**

5. **Students who do not bring a transcript with them at the time they register for their courses upon their return will resume their education at the same grade level/graduation requirements status ~~at which they were on at~~ as upon their departure.**

The Colchester Board of Education cannot be certain that all colleges will accept credit for subjects studied in another country and, therefore, encourages early investigation and application to selected college**s**.

(cf. 6146- Graduation Requirements)
